The Los Angeles Police Department (LAPD) has implemented several complementary program responses to address the complex mental health needs within its jurisdiction. For over four decades, the LAPD has deployed the Mental Evaluation Unit (MEU) to assist police officers with mental health calls for service. In 1993, Los Angeles was one of the first communities to develop police/mental health co-responder teams (Systemwide Mental Assessment Response Team, or SMART). The program is co-supported by the Los Angeles County Department of Mental Health (LACDMH) and is the largest of its kind in the country. The program was designed to effectively engage and link persons with a mental illness to appropriate services. In 2003 the Department implemented a Crisis Intervention Team (CIT) training (40 hours) and strategy as a pilot. The CIT pilot program was assessed and discontinued in 2004; however, an expansion of the MEU/SMART strategy was initiated. In 2006 the Department delivered the Introduction to Mental Health training (24 hours) and over 800 officers were trained between the two courses.

Even after the implementation of the above strategies, a serious problem remained that involved persons with a mental illness who were the subject of a high number of emergency calls for service. Those calls for service cost the City and County millions of dollars in emergency resources without effective or measurable outcomes. In 2005, the LAPD developed the Case Assessment and Management Program (CAMP) to identify, monitor, and engage those subjects and to construct a case management approach that links them to appropriate services. The CAMP averages 15-20 new cases each week and its cases never close. The CAMP pairs police detectives with psychologists, nurses and/or social workers from the LACDMH to develop long-term solutions for the individual client’s needs.

Effective in 2016, the MEU/SMART operates 24-hours/7-days-a-week, including the MEU-Triage Desk. The primary function of the Triage Desk is to triage all Department contacts with persons who suffer from a mental illness. Triage personnel provide advice and guidance to responding officers in the field and document all Department contacts with the mentally ill, who are in crisis, on a Mental Evaluation Incident Report. Those reports and database are separate from the Crime Analysis Databases and are protected from outside access, which protects the privacy of the individuals who are contacted. A triage mental health nurse sits alongside the officer and queries the LACDMH database to identify case managers, psychiatrists, or treatment centers. Collectively, the triage staff determines whether to dispatch a SMART unit or to direct the patrol officers to transport the person directly to a mental health facility. If the Triage personnel determine that a person has repeatedly contacted police or has demonstrated high risk behaviors, the case will be referred to the CAMP for more intensive case management.

In 2014, the Department reviewed its mental health training and a re-design was initiated. At the end of the 2014, the Department presented a POST-approved Mental Health Intervention Training (MHIT), which is a 40-hour course that is delivered 24 times a year to first responders (officers) who have the greatest likelihood of interaction with persons who suffer from a mental illness and who are in crisis.

In 2015, the Department, in partnership with the LACDMH, implemented an expansion plan that will double the number of SMART units that are deployed and establish Bureau liaison officers in each geographic Bureau. This expansion was completed in September 2016, increasing the deployment of SMART to 17 units a day.
PROGRAM HIGHLIGHTS

Multi-layered approach that includes co-deployed response, MHIT and follow-up teams.
Comprehensive data collection and information-sharing procedures.
Mental health professionals embedded in law enforcement agency.
Staffed by 105 sworn officers and 50 LADMH clinicians.

OVERVIEW OF MENTAL EVALUATION–RELATED OPERATIONS

The primary mission of the MEU is to handle mental illness crisis calls-for-service in support of patrol operations. The MEU evaluates persons who pose a danger to themselves or to others per Welfare and Institutions Code (WIC) §5150. The MEU refers mental illness and homeless outreach missions to other designated non-law enforcement Los Angeles County Mental Health resources.

MISSION STATEMENT

The mission of the Mental Evaluation Unit is to reduce the potential for violence during police contacts that involve people who suffer from mental illness and to simultaneously assess the mental health services available to assist them.

GOALS

✓ Prevent unnecessary incarceration and/or hospitalization of mentally ill individuals.
✓ Provide alternate care in the least restrictive environment through a coordinated and comprehensive system-wide approach.
✓ Prevent the duplication of mental health services.
✓ Facilitate the speedy return of police patrol units to patrol activities.

MENTAL HEALTH CRISIS RESPONSE PROGRAM (MHCRP)

The MHCRP is established as a function under Detective Bureau. The Assistant Commanding Officer, Chief of Detectives, is the MHCRP Coordinator. The Officer-in-Charge of the Crisis Response Support Section, Detective Support and Vice Division, is the Mental Illness Project Coordinator whose responsibilities include the following:

- Represent the Department on all matters involving police response to mental illness.
- Maintain, attend and support the MHCRP Advisory Board, which meets quarterly and consists of community stakeholders and persons in the mental health community;
- Provide information to outside agencies regarding Department procedures for handling persons with mental illness;
- Analyze state and federal legislation that affect persons with mental illness;
- Maintain liaison with DMH and hospitals on issues related to persons with mental illness;
- Design and conduct in-service mental illness training, and provide expertise and support to Training Division regarding all recruit officer mental illness-related training;
- Conduct audits of non-categorical Use of Force reports that involve persons with indicators of mental illness;
- Coordinate data collection to evaluate Department mental health crisis response; and,
- Review and revise Department strategies, policies, and procedures related to the handling of persons with mental illness.
MENTAL EVALUATION UNIT (MEU)

OVERVIEW OF MEU RESPONSIBILITIES

- Conduct preliminary investigations of persons who come to the attention of law enforcement and are suspected of having a mental illness, amnesia, senility, post-alcoholic or delirium tremors, and/or who require psychopathic examinations.
- Investigate persons suspected of being escapees from mental institutions.
- Coordinate the assignment of State Department of Mental Hygiene apprehension and transportation orders.
- Arrange, upon request, for uniformed officers to assist Lanterman-Petris-Short Act (LPS) designated Psychiatric Mobile Response Teams or court designated conservators in the apprehension of persons who suffer from mental illness and are placed on a mental health hold.
- Maintain, amend, and distribute the Department "Incidents Involving Persons Suspected of suffering from Mental Illness," Notebook Divider.
- Provide advice to officers on the confiscation and disposition of firearms or other deadly weapons confiscated from persons with mental illness.
- Provide information on attempt suicide, barricaded suspect, or hostage incidents that involve persons with mental illness.
- Assist field officers with intervention, referral, or placement of a person with mental illness to prevent the unnecessary incarceration and/or hospitalization of that person.
- Provide roll-call training relative to MEU and SMART responsibilities.
- Maintain liaison with the Missing Persons Unit to determine whether a reported missing person was placed on a 72-hour hold.
- Provide staff support for the MHCRP Coordinator and Advisory Committee.
- Maintain liaison with DMH and hospitals regarding policies and procedures that involve the detention and involuntary holds of persons with suspected mental illness.
- Provide analysis of state and federal legislation pertinent to law enforcement encounters with persons with suspected mental illness.
- Provide expertise and support to Training Division regarding all mental illness-related training.
- Conduct audits of categorical and non-categorical Use of Force reports that involve persons with indicators of mental illness.
- Review completed Use of Force reports with indicators of mental illness.
- Coordinate data collection to evaluate Department mental health crisis response.
- Review, initiate and coordinate Department mental health-related training courses.
- Maintain liaison with Psychiatric Hospitals and Mental Health Agencies.
- Maintain the Following Special Files:
  - Requests for psychopathic examination reports; and,
  - Unserved apprehension and transportation orders.
SYSTEMWIDE MENTAL ASSESSMENT RESPONSE TEAM (SMART) OVERVIEW

- Assist Department police officers whenever they contact persons with a suspected mental illness.
- Provide intervention, referral, or placement for a person with mental illness to facilitate the speedy return of field officers to other field duties.
- Prevent unnecessary incarceration and/or hospitalization of persons with mental illness.
- Provide alternate care in the least restrictive environment through a coordinated and comprehensive systemwide approach.
- Assist with intelligence functions at critical incidents.
- Assist with psychologically impaired victims at disaster scenes.

CASE ASSESSMENT AND MANAGEMENT PROGRAM (CAMP) OVERVIEW

- Manage cases that involve persons with a history of violent criminal activity caused by mental illness.
- Manage cases that involve persons with a history of mental illness who have caused numerous responses by law enforcement and the deployment of substantial police resources.
- Prevent unnecessary incarceration and/or hospitalization of persons with mental illness.
- Provide alternate care in the least restrictive environment through a coordinated and comprehensive systemwide approach.
- Maintain a file of Weapon Confiscation Receipts.

CAMP CASES INCLUDE BUT ARE NOT LIMITED TO:

- Subjects who attempt Suicide by Cop (SBC);
- Subjects who frequently utilize emergency services and/or abuse the 911 system;
- Subjects who are the subject of a SWAT response and/or high profile tactical operation;
- Veterans who suffer from Post-Traumatic Stress Disorder or other mental illness;
- Subjects involved in acts of targeted school violence;
- Mentally ill prohibited possessors (to ensure the seizure of all known firearms); and,
- Subjects enrolled in the State of California, Department of Mental Health, Conditional Release Program (ConRep).
TRIAGE DESK

- Receive mental illness crisis calls from patrol operations.
- Vet incoming calls and dispatch SMART to handle calls for service, as appropriate.
- Manage radio calls and SMART deployment.
- Coordinate client hospitalization for patrol personnel.
- Prepare MEU investigative reports.
- Maintain the MEU mental illness database.
- Coordinate outside agency response resources.
- Make appropriate notifications.
- Forward follow-up referrals to CAMP.
ADMINISTRATION AND TRAINING

TRAINING PROVIDED TO OUTSIDE LAW ENFORCEMENT AGENCIES

Since 1993, the MEU has trained personnel from the following agencies as a model co-response program. In 2010, the MEU was distinguished as a National Learning Site.

Crisis Intervention Team (CIT) Training (40 Hours, 2002-2004) and Introduction To Mental Health Training (IMHT) (24 Hours, 2006-2012)

In response to the Federal Consent Decree, MEU developed a 40-hour Crisis Intervention Training (CIT) based on the Memphis Model that was established in 1988. The course was piloted from 2002 through 2003. At the conclusion of the CIT pilot, the Department chose not to continue the course and it dropped from the California Peace Officer Standards and Training (CA-POST) list of certified courses of instruction.

In 2006, MEU developed the Introduction to Mental Health Training, which was a 24-hour CA-POST certified course. The IMHT course was delivered from 2006 to 2012. At the end of 2012, the Department determined that the course required substantial update, so it was decertified and dropped from the CA-POST list of certified courses of instruction. To date, 801 Department personnel have received either the 24-hour or 40-hour mental health courses of instruction.

| LAPD: 801 |
| Outside agencies: 129 |
| Total: 930 |

Outside Agencies Trained in CIT and IMHT by LAPD

| Beverly Hills Police Department | Mancopa County Sheriff Office |
| City Attorney Investigators | Mayors Crisis Response Team |
| Federal Bureau of Investigation | Pomona Police Department |
| Hawthorne Police Department | Redondo Beach Police Department |
| Los Angeles Airport Police Department | Social Security Administration Investigators |
| Los Angeles County Sheriff Office, CTU | United States Secret Service |
| Los Angeles County Sheriff Office, Mental Evaluation Team | University of Southern California Department of Public Safety |
| Los Angeles Unified School District Police Department | New York Police Department |

Mental Health Intervention Training (MHIT) 40 Hours (Established September 2014)

In 2013 the MEU and Police Training and Education (PTE) began development of an updated mental health training course, and in 2015, the MHIT was developed, CA-POST certified and delivered.

The course includes an overview of mental illness, crisis de-escalation and communication techniques, the Force Options Simulator (FOS) and situation simulations that were designed to test the students’ understanding of, and ability to apply, their knowledge. The MHIT is a paradigm shift from the lecture-based, PowerPoint-driven, instruction of the past, as it utilizes small interactive groups that challenge the students to work as teams and participate in a facilitated learning environment. This course is Senate Bill 29 Compliant. The course also includes blocks of instruction from:

• The Los Angeles Department of Mental Health
• The Autism Society of Los Angeles (ASLA); and,
• The National Alliance on Mental Illness (NAMI).

The LAPD has provided MHIT training to the following number of students, year-to-date:

| LAPD (sworn): 1206 |
| Outside Agencies (below): 187 |
| Total: 1393 |

Last updated April 24, 2017
OUTSIDE AGENCIES TRAINED IN MHIT by LAPD

- Alhambra Police Department
- Bell Police Department
- Bell Gardens Police Department
- Bureau of Justice Assistance, Department of Justice

CRISIS INTERVENTION - MENTAL HEALTH INTERVENTION TRAINING UPDATE (CI-MHIT) 8 HOURS (ESTABLISHED JANUARY 2017)

The course includes an overview of mental illness, crisis de-escalation and communication techniques, the Force Options Simulator (FOS) and situation simulations that were designed to test the students’ understanding of, and ability to apply, their knowledge. This course is Senate Bill 29 Compliant and is designed specifically for Field Training Officers.

The LAPD has provided CI-MHIT update training to the following number of students, year-to-date:

Total LAPD (sworn): 219

Last updated April 24, 2017
ADDITIONAL MENTAL HEALTH-RELATED TRAINING

The MEU conducts or distributes the following training courses throughout the year:

Classroom
- Mental Health Intervention Training (40 hours) 24 times a year
- Field Training Officer (FTO) Update Course (SB29 – 4 hours) all FTOs every two years
- Mental Health Intervention Training Update Course (8 hours) every two years
- Mental Illness Introduction for Adult Corrections Officers (8 hours)
- Dispatcher – Persons with Mental Illness (8 hours)
- Armed Prohibited Persons/Mental Health Firearms Prohibition System (2 hours)
- Crisis Communication for First Responders (8 hours)
- Combat to Community/Police and Veteran Interaction (8 hours)
- School Threat Assessment Response Team (8 hours)

E-Learning
- Mental Illness – Use of Force and Crisis Intervention
- Mental Illness – Use of Force and Crisis Intervention – Update
- Legal Environment – Policing the Mentally Ill
- Mood Disorders
- Communicating with People with Disabilities

Tele-course
- Recognizing Mental Illness: A Proactive Approach

Mandated Training

In May 2014, all LAPD sworn personnel (over 9,800) were mandated to complete the two-hour CA-POST 2013 Mental Health Update course. To date, 98% have successfully completed the training and the remaining 2% were unable to complete the training due to long-term illness or injury.

As of February 2016, all LAPD sworn personnel completed a one-hour Crisis Communications for First Responders Course that was presented by the MEU staff as part of the Public Trust Training.
9-1-1 PROTOCOLS

All Police Service Representatives (PSRs) have received eight hours of training titled, “Persons with Mental Illness.” The purpose of the training was to ensure that calls involving persons with mental illness are properly categorized, dispatched, and to ensure that sufficient information is provided to responding patrol officers. This includes information such as diagnosis, medication(s), threatening behavior, and/or weapon(s). Calls for service involving mental illness are call-typed as the following:

- 918 M Male with Mental Illness
- 918 F Female with Mental Illness
- 918 VM Violent Male with Mental Illness
- 918 J Juvenile with Mental Illness
- 918 VF Violent Female with Mental Illness
- 918 VJ Violent Juvenile with Mental Illness
- 918 AM Ambulance Male with Mental Illness
- 918 PM Possible Male with Mental Illness
- 918 AF Ambulance Female with Mental Illness
- 918 PF Possible Female with Mental Illness
- 9073 Attempt Suicide
- 907A3 Ambulance Attempt Suicide

ADDITIONAL PROTOCOLS INCLUDE THE FOLLOWING:

- In incidents that involve mental health and a crime, the crime code takes precedence; however, the PSR gathers additional information regarding the mental health issue.

- Uniformed patrol officers are dispatched to all calls that involve a person with mental illness, including Ambulance Attempt Suicide/Suicide calls.

- A notation is made by the PSR in the Incident Detail, “**CONTACT MENTAL EVALUATION UNIT IMMEDIATELY UPON SCENE STABILIZATION 213/996-1300**” on all calls for service that involve a person with mental illness.

- Patrol officers conduct a preliminary investigation to determine whether there is mental illness and then contact MEU for advice and possible dispatch of a SMART unit.

- If there is a medical emergency, the patrol officer must conduct an on-scene investigation, conduct a follow-up to the hospital and provide their findings to the admitting staff.
FIELD PROTOCOLS FOR CALL MANAGEMENT AND DIVERSION

After an incident is tactically stable, patrol officers must conduct an assessment of the detained individual to determine whether there is mental illness and whether the individual meets criteria for an involuntary mental health hold (WIC §5150). The incident can be managed by a SMART unit, if available, or by the patrol officers with the guidance of the MEU.

NOTIFICATIONS

Any incident commander, crisis negotiation team, or officer who is in charge of an attempted suicide, barricaded suspect, or hostage incident shall notify the Mental Evaluation Unit, Detective Support and Vice Division, for information regarding the involved person. (Department Manual §4/260.15)

When the only reason for detention is the person’s suspected mental illness, the MEU MUST be contacted PRIOR to transporting an apparently mentally ill person to any health facility or hospital.

Exception: If the subject is injured and requires immediate medical treatment, the MEU must be contacted after the subject is transported to an appropriate medical facility.

When a person with suspected mental illness has been taken into custody for a criminal offense, MEU MUST be contacted PRIOR to the person being booked (Department Manual §4/260.20).

Officers who receive information from a mental health professional regarding a potential threat to any person (Tarasoff Notification) must immediately notify MEU.

ARREST AND BOOKING

When a person is taken into custody for a criminal offense and the person is suspected of having a mental illness, the MEU shall be contacted prior to the person being booked. When a subject is a suspect in a felony or high-grade misdemeanor crime, or has a felony or high-grade misdemeanor warrant, the criminal matters shall take precedence. If the subject is under arrest for a low-grade misdemeanor crime, misdemeanor warrant, or infraction, and meets the criteria for an Application for 72-hour Detention for Evaluation and Treatment, booking is at the discretion of the Area watch commander. Arrestees suffering from mental illness may be booked at any Department jail facility. Brief information concerning the mental illness should be documented in any booking reports and under the "Additional" heading in the Arrest Report.

The MEU, Detective Support and Vice Division, is available for advice and assistance in facilitating the transfer of the subject to a Los Angeles County jail facility. Any questions concerning the arrest, booking, housing, or transfer of an individual suspected of suffering from a mental illness should be directed to the MEU Watch Commander. If the subject is not booked for the criminal offense, officers shall complete the appropriate criminal Investigative Report (IR).
JAIL MONITORING

- All Adult Corrections Officers (ACOs) have received eight hours of training titled “Mental Illness Introduction for Adult Corrections Officers.”
- All sworn jail personnel have received four hours of mental illness training.
- All arrestees are screened during the booking process and ACOs ensure that the arresting officers have notified the MEU if the arrestee indicated that he/she suffers from mental illness, which will prompt an MEU information report.

If an arrestee is determined to be in a mental health crisis or is suffering from a chronic mental illness, and the arrestee can be released on their own recognizance or arrange bail, jail personnel or a patrol unit will conduct the mental illness assessment and transport to a psychiatric facility. The MEU provides telephonic advice, documents the incident, and directs transporting units to appropriate hospitals.

DIVERSION PROGRAMS

- Pre-booking diversion occurs via the patrol officers or via SMART when:
  - A crime was committed;
  - The crime is a low grade misdemeanor;
  - A report or citation and release is competed; and,
  - The person with mental illness is taken to the Psychiatric Emergency Department coordinated through the MEU.

- Post-booking diversion occurs when the subject can be released on their own recognizance or bail is posted. The subject can also be diverted to a mental health treatment provider during the arraignment process or as a condition of their plea or conviction.
MENTAL HEALTH PARTNERS

- Los Angeles County Department of Mental Health
  - System Leadership Team (SLT)
  - Court Liaison Program Community Reintegration Program (CRP)
  - Countywide Resource Management - AB109
  - Jail Services - Forensic Inpatient Program (FIP) (Twin Towers)
- National Alliance for Mental Illness of the San Fernando Valley
- National Alliance for Mental Illness (NAMI LA)
- Autism Society of America Los Angeles (ASALA)
- Los Angeles County Department of Health Services (LACDHS)
- State of California – State Mental Health Facilities (Patton State, Metropolitan State Hospital)
- State of California Mental Health Services Act – Oversight and Accountability Commission
- Hospital Association of Southern California (HASC)
- Gateways Hospitals – ConRep Administrator and Community Reintegration Program (CRP)
- Los Angeles County Superior Psychiatric Court – Department 95
- Los Angeles County District Attorney’s Office – Department 95
- Los Angeles County Superior Court – Veterans Court
- California Department of Justice – Bureau of Firearms (CADOJ)
- Department of Veteran’s Affairs
- Los Angeles Unified School District (Crisis Counseling)
CONFERENCES

The MEU has given presentations at the following conferences:

- 2006 5th Annual Conference on Police/ Mental Health Systems Liaisons "Psychiatrists in Blue: Emerging Partnerships," Ottawa, Ontario, Canada
- 2006 CIT International Conference, “CIT and the Homeless Mentally Ill.”
- 2007 National Alliance on Mental Illness, Los Angeles, CA
- 2007 Association of Threat Assessment Professionals, “Threat Assessment and Case Management Involving the Mentally Ill.”
- 2008 National GAINS Center Conference, Washington, DC
- 2008 International Association of Chiefs of Police (IACP), “Tailoring Responses to the Mentally Ill.”
- 2008 School Threat Assessment Response Team
- 2010 Post Traumatic Stress Disorder- Combat to Community, Returning Veterans, in Conjunction with the National Center for PTSD, VA, Menlo Park, CA
- 2011 Association of Threat Assessment Professionals, School Threat Assessment Response Team (START)
- 2014 Association of Threat Assessment Professionals, Strategic Information Sharing and Safeguarding between Risk Management Professionals and Disciplines
- 2016 Beating Mental Illness - USCGould School of Law
- 2016 Forensic Mental Health Association of California, Monterey Ca
- 2016 Crisis Intervention Training International Conference – Chicago
- 2016 California National Alliance on Mental Illness, Annual Conference – Burlingame, Ca
- 2016 National Association for Civilian Oversight of Law Enforcement, Annual Conference-Albuquerque, NM
- 2016 SMART Policing Initiative, “Community Response to People in Crisis.” Bureau of Justice Assistance - Webinar
- 2017 Stepping Up Initiative: California Summit, Sacramento Ca
- 2017 Forensic Mental Health Association of California, Monterey Ca

The Roy and Lila Ash Center for Democratic Governance and Innovation advances excellence and innovation in governance and public policy through research, education, and public discussion.

Three major programs support our mission:

- The Program on Democratic Governance;
- The Innovations in Government Program; and,
- The Rajawali Foundation Institute for Asia.
