Overview of JMHCP

The Justice and Mental Health Collaboration Program (JMHCP) supports innovative cross-system collaboration to improve responses and outcomes for individuals with mental illnesses or co-occurring mental health and substance use disorders who come into contact with the justice system.
Representing 17 states
Types of Grantees

- Law Enforcement
- Courts
- Pretrial
- Corrections
- Co-occurring substance use and mental disorders
- Juvenile
- Mental Health
Grant Category Information

• Grantees will implement targeted mental health and justice system interventions to address the needs of individuals with mental disorders or expand upon (or improve) well-established mental health and justice system collaboration strategies to address the needs of individuals with mental health disorders and to improve public safety.
  – *Grant Amount*: Up to $300,000
  – *Project Period*: 24 months
Category 3: Implementation and Expansion

• Implement an already initiated plan or expand upon (or improve) a well-established collaboration plan between justice and mental health partners.

• Grants can support
  – law enforcement response programs;
  – court-based initiatives such as mental health courts,
  – pretrial services, and diversion/alternative prosecution and sentencing programs;
  – treatment accountability services;
  – specialized training for justice and treatment professionals;
  – corrections/community corrections initiatives;
  – transitional and reentry services; treatment; and
  – non-treatment recovery support services coordination and delivery including case management, housing placement and supportive housing, job training and placement, education, primary and mental health care, and family supportive services.
Category 3: Allowable Uses

a. Training for criminal justice, mental health, and substance use treatment personnel
b. Enhance Access to Community-Based Healthcare Services and Coverage
c. Law Enforcement Responses
d. Diversion and Alternative Sentencing
e. Correctional Facility Grants
f. Community Supervision Strategies
g. Case Management and Direct Services

• Section 5: Data Collection, Performance Measurement, and Program Evaluation*
• Section 6: Sustainability*
• Appendix A: Brief Overview of Police-Mental Health Collaboration Programs
• Appendix B: Supporting Resources
Police Mental Health Collaboration Framework

Is our leadership committed to the police-mental health collaboration (PMHC)?

Are we following clear protocols to respond to people who have mental illnesses?

Are we providing staff with quality mental health and de-escalation training?

Do we have the resources and service connections for people who have mental illnesses?

Do we collect and analyze data?

Do we have a process for reviewing and improving performance?
