The U.S. Department of Justice Bureau of Justice Assistance

Mission: BJA provides leadership and assistance to local criminal justice programs that improve and reinforce the nation's criminal justice system. BJA's goals are to reduce and prevent crime, violence, and drug abuse and to improve the way in which the criminal justice system functions. In order to achieve such goals, BJA programs illustrate the coordination and cooperation of local, state, and federal governments. BJA works closely with programs that bolster law enforcement operations, expand drug courts, and provide benefits to safety officers.

- II. Overview of JMHCP Grant Program
- III. Award Information
- IV. Budget
- V. Application Criteria
- VI. Submission Requirements
- VII. Questions and Answers

Budget

- The budget should be complete, cost-effective, and allowable. All costs should be reasonable, allocable, and necessary for project activities.
- Only \$100,000 of funds will be available to complete the planning phase in the first 12 months of the project. The budget should clearly indicate the costs for the planning phase.
- JMHCP does not fund construction. The following costs are not allowed: prizes, rewards, entertainment, trinkets, or any other monetary incentives; client stipends; gift cards; vehicle purchases; and food/beverages.

Budget- Match

- The JMHCP authorizing legislation requires a non-federal match of 20 percent of total project costs in project years 1 and 2 and 40 percent of total project costs in project year 3.
- Cash and/or in-kind (third-party) match are allowed.
- Match costs in the budget must meet the same guidelines as federal costs for being allowable, reasonable, allocable, and necessary for the project.
- We recommend not including excessive match over the minimum requirements in the application budget.

Budget

- **TIP: Subawards versus Procurement Contracts:** You should carefully review the OJP Grant Application Resource Guide (linked in the solicitation) subsection titled “Information on Proposed Subawards (if any) and Proposed Procurement Contracts (if any)” and the resources linked therein to ensure you properly categorize your costs in these sections. There are different grant administrative requirements related to each; for example, a procurement contract requires full and open competition while a subaward does not.

Tips to Prevent Issues

Follow these tips to avoid the most common mistakes we have seen in past years:

- **Two-Step Submission:** There is a two-step application process and JustGrants is a new system. Please carefully read the “How to Apply” instructions linked in the solicitation and give yourself plenty of time to complete the grants.gov and JustGrants submissions by the established deadlines. Training resources available here: <https://justicegrants.usdoj.gov/training/training-application-submission>

Tips to Prevent Issues

- **SF-424/DUNS/SAM:** Make sure the correct DUNS # is entered in the SF-424 and that it is registered in SAM. The specific agency registered under this DUNS # in SAM will be responsible for submitting the full application in JustGrants and administering the award if it is funded.
- **SF-424/Federal Request Amount:** The federal request amount entered in the SF-424 should match the total federal request in your application budget for the entire grant project period.
- **Budget/Allowable Costs:** Do not include any of the prohibited costs listed on page 8 of the solicitation.

Tips to Prevent Issues

Application Attachments/Common Issues:

- Memorandum of Understanding (MOU) between the criminal justice and mental health agency: **this is a new required attachment for FY21.** See pages 11–12 for instructions.
- The Applicant Disclosure of Duplication in Cost Items is required for all applicants. This form is completed in JustGrants.
- The Research and Evaluation Independence and Integrity attachment is required if you are proposing to use federal funds to pay an outside evaluator or research partner. Follow the instructions in the Resource Guide.
